

Lydia Gardner

Clerk of the Circuit and County Courts
Orange County • Florida

Web Payment

We believe the best thing we can do for our customers is make it easy for you and inexpensive for us to do business. We make it so easy, in fact, that in a growing number of cases you don't have to leave home. One of the greatest successes in 2009 was the number of traffic payment transactions made over the internet. We collected more than \$8 million in online traffic payments.

You can make payments wherever internet access is available. It saves you time, money and spares you the aggravation of finding parking. **The Clerk's Office saves \$2.26 per transaction when people make payments online. Establishing a web payment system has allowed the Clerk's Office to avoid costs of approximately \$841,000 since 2005.**
